## EXPERIENCE

---

**LIBIAM** | Front-end Engineer

Los Angeles, CA | 11.2021

- Collaborated with AI modelers and UX/UI designers to create a minimum viable product.
- Optimized state-management system by creating react custom-hooks.
- Provided pixel-perfect styles using tailwind css to enhance the customer user experience.

**USC Shoah Foundation** | Graphic Design Intern

Los Angeles, CA | 06.2019 - 12.2019

- Assisted design supervisor to create web UI design of the new Shoah Foundation homepage.
- Designed client posters, project brochures, and template handouts using Adobe InDesign.
- Co-operated directly with content specialists to discuss and provide graphical elements.

## PROJECTS

---

**Foodies** | A social media app to share great local foods

Los Angeles, CA | 09.2021 - 12.2021

- Optimize user experience by code splitting in react.js and use custom hooks for frontend logic.
- Create my own REST api using node.js and express, with mvc for backend logic.
- Used MongoDB to store user information, secured through bcrypt and jwt token encryption.

**justin-jang.com** | A portfolio website

Los Angeles, CA | 08.2021 - 09.2021

- Created a portfolio website using react.js to store projects that I have worked on.
- Published website through gh-pages with interactive elements using formsubmit.com.
- Designed a pixel-perfect, single page scroll website using styled-components and react-scroll.

## AWARDS

---

**SoCal K-Group Hackathon** | Gold-Coin

Los Angeles, CA | 11.2021

- Won Gold-Coin as a team LIBIAM, participated as a front-end engineer.
